reach Sierra Leone is a faith based consortium of aprox 500 churches, grass roots agencies and Christian inspired groups. We are committed to the enhancement of gender rights and equality and the advancement of women. We run a Women's Network for Peace project, advocacy and outreach education and training of women boys and men on HIV/AIDS and malaria and we are currently running a Women at Risk program for women who have been raped, women amputees, war widows and battered women where support can be found.

We are a non polical, non religious and non profit organisation aimed at promoting peace and equality, understanding and respect for everyone regardless of age, gender or sexualality. Our strength is in our people, we combine people's experiences with the expertise of our staff to offer solutions. Collaborating with a network of like minded insitutions we promote the rights of people especially of women girls and children and those with disabilities. We work in the ares's of Gender based violence to support victims and also work to minimize the teenage and child sex industry.

We are a Pan African, non governmental organisation working in 33 countries to empower women and girls through gender responsive education. We work hand in hand with communities, schools, civil society, non governmental orgs and ministries to achieve gender equity and equality. We run a weekly radio programme on girls education and have recently launched five branches of the Sierra Leone chapter. We run programmes to rehabilitate girls who have been raped or traumatized by war. Workshops to train more people to work as support staff and counseling and guidance programmes for those who may need more help.

**Kenema**

Since the war in Sierra Leone many families have been killed or have been separated. This has led to children being left to fend for themselves, having no place to live and no food to eat. The Ben Hirsh Centre was established and since opening more than 300 children have passed through the home. Some families have been traced and reunited with their children while other children have been fostered by members of the community.
